Reach New High in School Attendance; 723 Are Enrolled

First Five Primary Grades and High School Show Large Increases

Attendance at the Barrington public primary grades, junior high school and high school has reached its highest point since the founding of the school, a check of figures following the opening of the grammar school Monday morning revealed.

The increase is noted in the first five grades and high school. The five grades had an increase of 56 pupils over last year, the junior high shows a decrease of seven pupils and the high school a gain of 21 over 1936, making a total increase of 64 over last year.

The total for this year for all departments is 723. Last year it was 659, and in 1935, which was the previous high year, the total was 692.

A decrease is noted in the kindergarten this year as the major high school where the attendance is slightly less than last year. Since the opening of high school two weeks ago, an increase of 13 pupils is shown. The first registration was 266. The freshman class gained until it has now hit the high total of 82 members. The sophomore class had an increase of five pupils and the junior class three pupils. The sophomore class now numbers 75 and the junior 69. The senior class also picked one more member to go to 51. Two post graduates are attending school also.
