First Local Air Mail Flight Plan Set for May 19th

Local Mail to Be Flown From
Sky Harbor to Chicago
Airport

Barrington will have its first air mail pick-up flight on May 19 when Capt. A. H. Kunath, manager of Sky Harbor airport 12 miles east of Barrington, flying a Ryan monoplane N. C. 1745, will transport the Barrington mails from Sky Harbor to the municipal air field in Chicago to connect with outbound transcontinental planes. The flight was arranged by Wilson T. Herren of Barrington, who put Sky Harbor on the map some years ago when he engineered the Chicago "I Will" endurance flight which set a world's record for non-stop flying that lasted almost a decade.

The pick-up flight will cut the 1 hour and 40 minutes ordinarily required to transport Barrington air mails to the Chicago air field by train and bus to 30 minutes. Availability of a strictly local air field would have reduced the time a quarter of an hour more.

The Barrington flight will be one of hundreds held on May 19 to demonstrate the feasibility of these short flights as feeders to the transcontinental lines.

The Barrington cachet sponsored by the Lions club, pictured here, will be applied to all out-

going air mail during National Air Mail Week, May 15-21. Postmaster Leslie B. Paddock announced. Letters flown on the special flight will indicate that they have been transported, giving them added philatelic value and greater local interest, Mr. Paddock said.

Persons posting letters for purely philatelic purposes should accompany them with a letter authorizing the postmaster to hold them for the special flight, to distinguish them from regular business mails. The new bi-colored six cent air mail stamp will be placed on sale Monday, Mr. Paddock stated.

Contest Filed in Prairie View School District 100 Election

Henry Krueger of Prairie View filed a contest in the Lake county circuit court Thursday over the election of George Holst as school director of District 100, Gridley school near Prairie View. The election was held April 9, and in his bill, Krueger questioned the right of a judge and clerk to throw out 17 of the 42 ballots cast at the election.

Holst was declared elected over Krueger by a vote of 13 to 12. Last week at the organization meeting of the school directors, Holst was elected president of the board, and Louis Prohm of Mundelein was named clerk. Helen Hahnfeldt of Mundelein is the third member.

Krueger alleged that at a caucus held by the school board before 8 p. m. on April 9, he and Holst were nominated. Ballots were supplied by the county superintendent of schools, W. C. Petty, as provided by law, and voting took place between 8 and 9 p. m.

Each voter had to write in the name of his candidate. Twenty-five wrote in the names of either Krueger or Holst, but did not place the cross in the box.

These latter 25 wrote in the names of either Krueger or Holst, but did not place the cross in the box. Krueger claimed, were thrown out by the election officials erroneously, contrary to the provisions of district school elections. If the ballots had been counted, Krueger charged, he would have been elected by a vote of 23 to 20.

School Orchestra Wins State Honor at Normal Friday

Fourth Consecutive Year That
Group Receives High
Rating

"Barrington high school orchestra rated in first division above the state contest held at Normal Friday.

This will entitle the organization to enter the national regional contest next spring without competing in the state again.

Woodstock high school orchestra rated in first division also. The two orchestras did not tie for first place but both rated in first division.

The contest won by the local group this year is the fourth consecutive occasion that the local group has merited high honors in its division in state and national contests. In 1935, the group received a high award at the national music contest and in 1936 the district and state honors were won in class C.

The national championship was won at the contest held at Columbus, O., in 1937 for class C schools.

This year the Barrington school orchestra competed in class B. The classes are determined by school enrollment, class B being for those schools with enrollments number between 250 and 751 pupils. At the contest last Saturday there were several other schools competing that had greater enrollment than that of the Barrington high school. For the last three years the local organization was placed in class C.

It was decided at Columbus last year that no more national contests are to be held. Instead national regional meets will be sponsored and the Barrington orchestra will be entitled to enter.

Forty people in addition to the members of the orchestra went to the contest from Barrington.

Legion Auxiliary Plans Poppy Day Here for May 23

Ninth District Memorial Services in Barrington
Next Thursday

Memorial services for ninth district Legion Auxiliary members who have died during the last 12 months will be held at the Methodist church of Barrington at 8 p. m. Thursday, May 19, with all units of the district attending.

Arrangement for annual poppy day in Cook county communities will be discussed at the meeting. Arrangements for the observance of poppy day locally Monday, May 23, are being completed by the Barrington unit of the Auxiliary, Mrs. Ed. Olcott, committee chairman, announced today. Arrangements for being directed by the poppy day committee, assisted by a large corps of workers from the unit. Plans are being developed to distribute memorial poppies in every part of the village.

"Honor the World war dead and aid the war's living victims, is the meaning of the memorial poppy," said Mrs. Olcott. "The poppy, that bloomed so strikingly among the trenches and battle graves in France and Belgium, became the flower of the dead during the war. Ever since the war it has been worn in all English-speaking countries annually as an individual tribute to the men who gave their lives in the conflict."

The Little red flower takes added significance from the fact that it is made by the war disabled, and that it contributes to the welfare of the disabled men and the dependent families of veterans. Part of each donation for a poppy goes to the veteran who made it. A small part pays for the materials it was made from and the balance is used by the Auxiliary for local community service work."
